

# Hesteflex

A triple action formulation to support the maintenance of joints and tendons in horses of all ages and disciplines.

## HORSES WITH THE CONDITION

Hesteflex is suitable for horses:

- During their athletic career
- To assist with joint & tendon comfort
- Requiring a long term joint support
- That are younger to support the maintenance of normal joint function

Hesteflex is a highly concentrated complementary feedstuff for horses of all ages and disciplines to assist with the maintenance of joint and tendon comfort when added to the daily feed ration.

Scientifically formulated to provide triple action support for normal joint function through three activities:

- ✓ **Glucosamine HCl 99% and Chondroitin Sulphate**  
- to support the building blocks of the joint
- ✓ **Boswellia Serrata, MSM & Natural Vitamin E**  
- to aid the natural systems in the horse that control inflammation
- ✓ **Vitamin C & Natural Vitamin E**  
- Antioxidant activity required for the production of collagen and to provide antioxidant support
- ✓ **100% ACTIVE INGREDIENTS  
NO BULKING AGENTS OR SUGARS**
- ✓ **COMPETITION SAFE (UK)**
- ✓ **FREE FROM NATURALLY OCCURRING  
PROHIBITED SUBSTANCES**
